Key: A

## Intro

A D A E A

## Verse 1

A  
I thought that I would never see  
D  
A day when high technology  
A E  
Would drive me anywhere I want to be  
A  
First was trains, then came trams  
D  
Then Amazon's delivery vans  
A E A  
And now my truck has got more brains than me

A D A E A

Now that truck knows what to do  
She's learned to beat me through and through  
Her thoughts are way ahead of my plans  
Though I tried and tried to treat her right  
Spoke kindly to her every night  
That dog-gone truck has found another man

Chorus

D  
When someone says they have to go  
A  
There'll always be such sorrow  
E A  
I never knew what had come between us  
D  
Seems lawyers have got AI too  
A  
And there's nothing more that I can do  
E A  
My truck, she took me to the cleaners

A D A E A

Verse 2

Now friends say that she's just a truck  
And I shouldn't really give a ...  
But this thing really crushed my life  
We had different plans of where to go  
I went fast but she said slow  
She was starting to behave just like my wife  
(... but not in a good way)

Chorus

A D A E A

Verse 3

Looks like this pain will never end  
She gave her keys to my best friend  
And he's kicked out his old Chevrolet  
That four wheeled minx now wants my cash  
For maintenance, oil and gas  
And says she needs valeting twice a day

Chorus

A D A E A

Verse 4

Now things have begun to look up  
Chevy and I have hooked up  
And she was never fitted with a brain  
I'm back to where I want to be  
Now motoring is pain free  
I'm happy on the highway once again

Chorus

My truck, she took me to the cleaners  
My truck, she took me to the cleaners
